I visited the food pantry at St. Andrew United Methodist Church today and made a donation to Karen on behalf of the USS Indianapolis.

She told me she expects upwards of 60 families when they open tonight

for needy people. A number are homeless and don't have any way to heat their food. I was glad I chose a few items that didn't need refrigeration or heat.

a photo addressed to the USS Indianapolis NCC-1945-D

Teddy Bear Drive 03/29/2024

The teddy bear drive is for young kids being treated at Riley Hospital for Children, a teddy bear is more than just a stuffed animal. It's an important lifeline that not only provides comfort but allows

patients to engage in pretend medical play. Research has shown this type of play reduces anxiety and increases a child's knowledge of the types of treatment they might receive in the hospital. In celebration of Riley Children's Health 100th Year and National Child Life Month, Riley Children's Health is inviting community members to donate a brand-new teddy bear or other stuffed animal at The Children's Museum from March 5 - March 29th.

Name the Movie

Svengoolie

April brings us a sinister spring bouquet of twice the terror and more — starting out with The Time Travelers — a 1964 film in which a group of scientists who are trying to perfect a screen that lets them view different time periods are victims of a freak accident — creating an actual portal to the distant and dangerous future! This film actually inspired a show you see on MeTV: The Time Tunnel! We follow that up with a Peter Cushing favorite — Island of Terror — in which another experiment goes wrong — creating a new lifeform that threatens to erase humanity from a remote island off the coast of Ireland. Next up after that, for those who have

been requesting a Universal classic, we have the tragic origin story of Larry Talbot — the man whose horrifying curse turns him into The Wolf Man! This is the first film in which Lon Chaney Jr., portrays the character he is best known for. We wind up the month with another favorite — the much-requested Trilogy of Terror, another Dan Curtis/Richard Matheson collaboration, with Karen Black starring in three eerie tales — the last of which is emblazoned in so many people’s minds — the story of a doll Karen obtains that holds the spirit of a blood-thirsty warrior that comes to life — to try to end hers! So, this month ranges from time travel to the trilogy — with a little Hammer and hairy horror in between!
